

ABSTRACT

Saefullah. LEGAL CONSTRUCTION OF CORPORATE SOCIAL RESPONSIBILITY PT INDOCEMENT TUNGGAL PRAKARSA, TBK. IN THE VILLAGE DEVELOPMENT EFFORT UNDER THE GUIDANCE OF PROF VILLAGE. DR. ABDULLAH SULAEMAN, SH.MM AS THE SUPERVISOR AND DR. MEGAWATI BARTHOS, SH.MM AS CO SUPERVISOR.

The acceleration of village development requires funds from sources other than the APBDesa, the Village Community Self-reliance, and the District / City APBD, one of which is from the Social and Environmental Responsibility funds set aside by the Company Limited, so there is a need for collaboration of Corporate Social Responsibility with the implementation of village development and village community empowerment with a case study PT Indocement Tunggul Prakarsa Tbk.

1) How is the Construction of Legal Relationship in the Implementation of Social and Environmental Responsibility in accelerating the purpose of village development based on the 1945 Constitution of the Republic of Indonesia and Law Number 6 of 2014 concerning Villages?; 2) What is the form of legal construction of the management of Social and Environmental Responsibility funds given to villages; 3) What is the model of synergy between the Limited Liability Company and the Village Government in the implementation of Village Development and Community Empowerment Specifically in Leuwikaret Village by using Social and Environmental Responsibility funds.

This study uses a normative legal research method with a normative empirical approach, by making efforts to determine the criteria of identification, classification and systematization and to the effort of finding a law whether in the form of legal interpretation or legal construction to produce a legal argument.

Research Results: first, in accelerating the development objectives of the Village construction of legal implementation of social responsibility indocement companies are 1) Social Mapping 2) Bilikom; 3) Work contracts in the form of Work Order (SPK); and the village government is 1). Village Regulations on the Village Government Work Plan (RPJMdes) for 6 Years, 2). Village Government Work Plan (RKPDdes), 3). Village income and expenditure budget (APBDdes) which is regulated based on setting development priorities based on consultation with all the existing stakeholders at the second village level, there is no synergy between the company and the village government in formulating legal construction in order to accelerate village development so that it needs to be regulated by laws, regional regulations which technically regulates the synergy between the company and the village government so that the implementation of village development using corporate social responsibility funds can be sustained
